

# Introduction to Developmental Movement: Improving learning, balance and coordination

*'A really useful introduction and very practical': SENCO*

*'Great day, such a good mix of participants': Occupational Therapist*

Mary Mountstephen, author of Meeting Special Needs: Dyspraxia and Neuro-Developmental Delay

Date: Friday June 4<sup>th</sup> 10.00-4.30 Location: Glastonbury, Somerset BA6 8LD

Cost: £120.00 per person including training manual (50% discount for further participants from same setting)

FFI: Tel 01458 837514 / mem@imaginationgym.ws

*Recommended for: teachers, support staff, therapists working with children aged 5-13, and parents of children with additional needs.*

## Outcomes

- *Learn how a movement programme can address developmental issues which may be undermining a child's ability to function effectively.*
- *Be able to identify signs of sensory-motor problems in the classroom which can affect balance, coordination, attention, eye-movements and concentration.*
- *Understand guidelines for introducing and managing the daily programme and evaluating its impact.*
- *Develop confidence in implementing the movements accurately through practical sessions.*
- *Explore case studies and participate in a multi-sensory, internationally recognised training programme.*

Mary Mountstephen is the author of:

Meeting Special Needs: Dyspraxia and Neuro-Developmental Delay

Meeting Special Needs: Speech, Language and Communication Needs (SLCN)

How to Detect Developmental Delay and What to Do Next: a Holistic Approach to Intervention (To be published in November 2010 by Jessica Kingsley Publishers).

### Effective Staff Development for Addressing Learning Differences

Dyslexia/ Dyspraxia and ADHD: How can we meet the needs of all pupils effectively?

Developmental Delay Programmes: How can these improve pupil achievement?

- One hour twilight sessions for staff meetings or a series of sessions over a longer period.
- One day workshop ( See attached)
- Personalized programmes for schools or cluster groups

I have extensive experience in mainstream, special and independent schools and have taught across the age and ability ranges. I have also held headships of two primary schools.
